  High School Education
  Completed in 2018

About Me

I believe having a strong technical background and knowledge of database tools is a good foundation. But data analysts should also have an eye for detail, be curious and analytical, and be able to interpret data in original ways.

Professional Experience

Hotsprice Online Services Pvt. Ltd. | Web Tester Intern
August 2021 - October 2021

Key responsibilities:
- Frontend and Backend testing of website
